

Anaesthetic and respiratory equipment — Conical connectors —

Part 2: Screw-threaded, weight-bearing connectors

The European Standard EN 1281-2:1995 has the status of a
British Standard

ICS 11.040.10

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee CH/44, Anaesthetic machines, breathing attachments, medical gas pipeline systems and hose assemblies, upon which the following bodies were represented:

- Association of Anaesthetists of Great Britain and Ireland
- Association of British Health-care Industries
- British Anaesthetic and Respiratory Equipment Manufacturers' Association
- Department of Health
- Medical Sterile Products Association

The following body was also represented in the drafting of the standard, through a subcommittee/panel:

- Guild of Hospital Pharmacists

This British Standard, having been prepared under the direction of the Health and Environment Sector Board, was published under the authority of the Standards Board and comes into effect on 15 May 1996
