

Testing of welded joints of thermoplastics semi-finished products —

Part 1: Bend tests

The European Standard EN 12814-1:1999 has the status of a British Standard

ICS 25.160.40

National foreword

This British Standard is the official English language version of EN 12814-1:1999, including Corrigendum September 2003.

The UK participation in its preparation was entrusted to Technical Committee PRI/80, Welding thermoplastics, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

This British Standard, having been prepared under the direction of the Sector Committee Materials and Chemicals, was published under the authority of the Standards Committee and comes into effect on 15 January 2000
