

BSI Standards Publication

Energy performance of buildings - Method for calculation of the design heat load

Part 1: Space heating load, Module M3-3

National foreword

This British Standard is the UK implementation of EN 12831-1:2017. It supersedes BS EN 12831:2003 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee RHE/24, Heating systems and water based cooling systems in buildings.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
