

Ventilation for buildings — Performance testing of components/products for residential ventilation

Part 10: Humidity controlled extract air terminal device

ICS 91.140.30,

National foreword

This British Standard is the UK implementation of EN 13141-10:2008.

The UK participation in its preparation was entrusted to Technical Committee RHE/2, Ventilation for buildings, heating and hot water services.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 30 November 2008
