Railway applications – Track – Test methods for fastening systems

Part 5: Determination of electrical resistance

National foreword

This British Standard is the UK implementation of EN 13146-5:2012, incorporating corrigendum May 2017.

The UK participation in its preparation was entrusted to Technical Committee RAE/2, Railway Applications - Track.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
