Fertilizers - Determination of chelating agents in fertilizers by chromatography

Part 3: Determination of [S,S]-EDDS by ion pair chromatography

National foreword

This British Standard is the UK implementation of EN 13368-3:2017.

The UK participation in its preparation was entrusted to Technical Committee CII/37, Fertilisers and related chemicals.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
