

BSI Standards Publication

Test methods for determining the contribution to the fire resistance of structural members

Part 1: Horizontal protective membranes

National foreword

This British Standard is the UK implementation of EN 13381-1:2020. It supersedes BS EN 13381-1:2014, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee FSH/22/-/7, Non loadbearing separating elements.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
