

BSI Standards Publication

Test methods for determining the contribution to the fire resistance of structural members

Part 8: Applied reactive protection to steel
members

National foreword

This British Standard is the UK implementation of EN 13381-8:2013. It supersedes BS EN 13381-8:2010 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee FSH/22/-/12, Fire resistance tests For Protection Systems.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
