

BSI Standards Publication

**Thermal insulation products
for building applications
— Determination of the
mechanical properties of glass
fibre meshes as reinforcement
for External Thermal Insulation
Composite Systems with
renders (ETICS)**

National foreword

This British Standard is the UK implementation of EN 13496:2013. It supersedes BS EN 13496:2002 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee B/540, Energy performance of materials components and buildings.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
