Resilient floor coverings - Polyvinyl chloride floor coverings for use in special wet areas - Specification

National foreword

This British Standard is the UK implementation of EN 13553:2017. It supersedes BS EN 13553:2015, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/60, Resilient and Laminate Floor Coverings.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
