

BSI Standards Publication

**Chemical disinfectants and antiseptics —
Quantitative suspension test for the evaluation
of bactericidal activity against *Legionella* of
chemical disinfectants for aqueous systems —
Test method and requirements (phase 2, step 1)**

National foreword

This British Standard is the UK implementation of EN 13623:2020. It supersedes BS EN 13623:2010, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee CH/216, Chemical disinfectants and antiseptics.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
