

Metal lath and beads — Definitions, requirements and test methods —

Part 2: External rendering

The European Standard EN 13658-2:2005 has the status of a
British Standard

ICS 77.140.65; 91.100.10

National foreword

This British Standard is the official English language version of EN 13658-2:2005. Together with BS EN 13658-1:2005, it supersedes BS 1369-1:1987 and BS 6452-1:1984, which are withdrawn.

The UK participation in its preparation was entrusted by Technical Committee B/544, Plastering, rendering, dry lining, to Subcommittee B/544/1, Gypsum plasters, cast gypsum and ancillaries, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
