

Fire resistance tests for service installations

Part 9: Single compartment smoke extraction ducts

ICS 13.220.50

National foreword

This British Standard is the UK implementation of EN 1366-9:2008.

The UK participation in its preparation was entrusted to Technical Committee FSH/22, Fire resistance tests.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 August 2008
