Concrete pavements

Part 4: Test methods for the determination of wear resistance of concrete pavements to studded tyres

National foreword

This British Standard is the UK implementation of EN 13863-4:2012. It supersedes BS EN 13863-4:2004 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee B/510/3, Materials for concrete roads.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
