

# Chemicals used for water treatment intended for human consumption — Polyamines

ICS 13.060.20; 71.100.80

# National foreword

This British Standard is the UK implementation of EN 1409:2008. It supersedes BS EN 1409:1998 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee CII/59, Chemicals for drinking water treatment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

**Compliance with a British Standard cannot confer immunity from legal obligations.**

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 January 2009
