

Timber structures — Structural laminated veneer lumber — Requirements

The European Standard EN 14374:2004 has the status of a
British Standard

ICS 79.080; 91.080.20

National foreword

This British Standard is the official English language version of EN 14374:2004.

EN 14374 is a candidate “harmonized” European Standard and fully takes into account the requirements of the European Commission mandate M 112, “Structural timber products and ancillaries” given under the EU Construction Products Directive (89/106/EEC), and intended to lead to CE marking. The date of availability of EN 14374 as a harmonized European Standard, i.e. the date from which this standard may be used for CE marking purposes, is subject to an announcement in the *Official Journal of the European Communities*.

The UK participation in its preparation was entrusted to Technical Committee B/518, Structural timber, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 15 December 2004
