

Structural adhesives — Qualitative assessment of durability of bonded assemblies — Wedge rupture test

ICS 83.180

National foreword

This British Standard is the UK implementation of EN 14444:2005, incorporating corrigendum October 2008. It is derived from ISO 10354:1992.

The CEN common modifications have been implemented at the appropriate places in the text. The start and finish of each common modification is indicated in the text by tags **[C]** **[C]**.

The UK participation in its preparation was entrusted to Technical Committee PRI/52, Adhesives.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 26 November 2005
