

BSI Standards Publication

**Devices to prevent pollution by backflow of
potable water — In-line anti-vacuum valves
DN 10 to DN 50 inclusive — Family D, type A**

National foreword

This British Standard is the UK implementation of EN 14451:2020. It supersedes BS EN 14451:2005, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee B/504, Water supply.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
