

Furniture removal activities — Storage of furniture and personal effects for private individuals —

Part 1: Specification for the storage facility and related storage provision

The European Standard EN 14873-1:2005 has the status of a
British Standard

ICS 03.080.30

National foreword

This British Standard is the official English language version of EN 14873-1:2005.

The UK participation in its preparation was entrusted to Technical Committee TW/2, Transport services, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Particular attention is drawn to the fact that the requirements applicable to “self storage” for the purposes of this standard, may not necessarily be appropriate for the provision of “self storage” facilities unassociated with furniture and personal effects removals services.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
