

Explosion prevention and protection in underground mines — Equipment and protective systems for firedamp drainage

The European Standard EN 14983:2007 has the status of a
British Standard

ICS 13.230; 73.100.20

National foreword

This British Standard was published by BSI. It is the UK implementation of EN 14983:2007.

The UK participation in its preparation was entrusted to Technical Committee FSH/23, Fire precautions in industrial and chemical plant.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 29 June 2007
