

External cathodic protection of well casings

The European Standard EN 15112:2006 has the status of a
British Standard

ICS 23.040.99; 77.060

Confirmed October 2011

National foreword

This British Standard was published by BSI. It is the UK implementation of EN 15112:2006. It partially supersedes BS 7361-1:1991. BS 7361-1:1991 “*Cathodic protection — Part 1: Code of practice for land and marine applications*”, which provides general information on cathodic protection, will be withdrawn when all the CEN standards relating to cathodic protection currently being prepared are published.

The UK participation in its preparation was entrusted to Technical Committee GEL/603, Cathodic protection.

A list of organizations represented on GEL/603 can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 October 2006
