

Emergency safety showers —

Part 1: Plumbed-in body showers for laboratories

ICS 71.040.10

National foreword

This British Standard is the UK implementation of EN 15154-1:2006.

The National Annex within this publication aims to summarize certain key issues and principles within the area of water quality. The National Annex is only informative and is aimed at raising awareness of the issues by giving general considerations to other water quality based on documents in the public domain.

The UK participation in its preparation was entrusted by Technical Committee LBI/1, Laboratory safety and equipment, to Subcommittee LBI/1/1, Laboratory furniture and fittings.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

The publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 October 2006
