

Stainless steel pliable corrugated tubing kits in buildings for gas with an operating pressure up to 0,5 bar

ICS 23.040.01

National foreword

This British Standard is the UK implementation of EN 15266:2007. It partially supersedes BS 7838:1996 which is currently under review.

The UK participation in its preparation was entrusted to Technical Committee PSE/12, Metal hoses, hose assemblies, bellows and expansion joints.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 29 June 2007
