

BSI Standards Publication

Evaluation of a.c. corrosion likelihood of buried pipelines applicable to cathodically protected pipelines

National foreword

This British Standard is the UK implementation of EN 15280:2013. It supersedes DD CEN/TS 15280:2006 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee GEL/603, Cathodic protection.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
