

Advanced technical ceramics — Ceramic composites — Determination of elastic properties by resonant beam method up to 2 000 °C

The European Standard EN 15335:2007 has the status of a
British Standard

ICS 81.060.30

National foreword

This British Standard is the UK implementation of EN 15335:2007.

The UK participation in its preparation was entrusted to Technical Committee RPI/13, Advanced technical ceramics.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 July 2007
