

Adhesives for load bearing timber structures other than phenolic and aminoplastic — Test methods —

Part 2: Static load test of multiple bondline specimens in compression shear

The European Standard EN 15416-2:2007 has the status of a
British Standard

ICS 83.180

National foreword

This British Standard is the UK implementation of EN 15416-2:2007.

The UK participation in its preparation was entrusted to Technical Committee PRI/52, Adhesives.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 January 2008
