

Thermal spraying — Recommendations for constructional design of components with thermally sprayed coatings

The European Standard EN 15520:2007 has the status of a
British Standard

ICS 25.220.20

National foreword

This British Standard is the UK implementation of EN 15520:2007.

The UK participation in its preparation was entrusted to Technical Committee STI/40, Thermally sprayed inorganic finishes.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 28 September 2007
