

Building valves — Water pressure reducing valves and combination water reducing valves — Requirements and tests

ICS 23.060.40; 91.140.60

National foreword

This British Standard is the UK implementation of EN 1567:1999. It supersedes BS 6283-4:1991, which is withdrawn.

The UK participation in its preparation was entrusted by Technical Committee B/504, Water supply, to subcommittee B/504/7, Control and safety devices.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Committee and comes into effect on 15 February 2000
