

BSI Standards Publication

Intelligent transport systems — ESafety — ECall minimum set of data

National foreword

This British Standard is the UK implementation of EN 15722:2020. It supersedes BS EN 15722:2015, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EPL/278, Intelligent transport systems.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
