Railway applications — Pneumatic half couplings

National foreword

This British Standard is the UK implementation of EN 15807:2021. It supersedes BS EN 15807:2011, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee RAE/4/-/1, Railway applications - Braking.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
