Testing and rating of direct exchange ground coupled heat pumps with electrically driven compressors for space heating and/or cooling

Part 1: Direct exchange-to-water heat pumps

National foreword

This British Standard is the UK implementation of EN 15879-1:2011.

The UK participation in its preparation was entrusted to Technical Committee RHE/17, Testing of air conditioning units.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
