

BSI Standards Publication

Classification and characteristics of techniques for renovation, repair and replacement of drains and sewers

National foreword

This British Standard is the UK implementation of EN 15885:2018. It supersedes BS EN 15885:2010, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee B/505, Wastewater engineering.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
