of deoxynivalenol in cereals,
cereal products and cereal
based foods for infants and
young children — HPLC
method with immunoaffinity
column cleanup and UV
detection**

National foreword

This British Standard is the UK implementation of EN 15891:2010.

The UK participation in its preparation was entrusted to Technical Committee AW/-/3, Food analysis - Horizontal methods.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
