

BSI Standards Publication

Film identification — Enhancing interoperability of metadata — Element sets and structures

National foreword

This British Standard is the UK implementation of EN 15907:2010.

The UK participation in its preparation was entrusted to Technical Committee CPW/36, Cinematography.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
