

BSI Standards Publication

Flanges and their joints

Part 4: Qualification of personnel
competency in the assembly of the bolted
connections of critical service pressurized
systems

National foreword

This British Standard is the UK implementation of EN 1591-4:2013. It supersedes DD CEN/TS 1591-4:2007 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PSE/15/2, Flanges - Jointing materials and compounds.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
