

Aluminium and aluminium alloys — HF seam welded tubes

Part 1. Technical conditions for inspection and delivery

The European Standard EN 1592-1 : 1997 has the status of a
British Standard

ICS 77.150.10

National foreword

This British Standard is the English language version of EN 1592-1 : 1997 published by the European Committee for Standardization (CEN). Together with BS EN 1592-2 : 1998, BS EN 1592-3 : 1998 and BS EN 1592-4 : 1998 it supersedes BS 4300-1 : 1967 which is withdrawn.

The UK participation in its preparation was entrusted by Technical Committee NFE/35, Light metals and their alloys, to Subcommittee NFE/35/5, Wrought aluminium and aluminium alloys, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the BSI Standards Catalogue under the section entitled 'International Standards Correspondence Index', or by using the 'Find' facility of the BSI Standards Electronic Catalogue.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, the EN title page, pages 2 to 8, an inside back cover and a back cover.

This British Standard, having been prepared under the direction of the Engineering Sector Board, was published under the authority of the Standards Board and comes into effect on 15 March 1998
