

BSI Standards Publication

**Rubber or plastic coated fabrics
— Mechanical properties
— Determination of the
elongation under load and the
residual deformation**

National foreword

This British Standard is the UK implementation of EN 15977:2011.

The UK participation in its preparation was entrusted to Technical Committee TCI/24, Physical testing of textiles.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
