

BS EN 15998:2010

BSI Standards Publication

Glass in building — Safety in case of fire, fire resistance — Glass testing methodology for the purpose of classification

National foreword

This British Standard is the UK implementation of EN 15998:2010.

The UK participation in its preparation was entrusted to Technical Committee B/520/4, Properties and glazing methods.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
