

BSI Standards Publication

Adjustable telescopic aluminium props — Product specifications, design and assessment by calculation and tests

National foreword

This British Standard is the UK implementation of EN 16031:2012.

The UK participation in its preparation was entrusted to Technical Committee B/514, Access and support equipment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
