

BSI Standards Publication

Inflation devices and accessories for inflatable consumer products

Part 2: Safety requirements, durability, performance, compatibility and test methods of inflators

National foreword

This British Standard is the UK implementation of EN 16051-2:2012.

The UK participation in its preparation was entrusted to Technical Committee SW/136/8, Swimming pools and aquatic equipment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
