

BS EN 16330:2013

Incorporating corrigendum April 2016

BSI Standards Publication

Winter and road service area equipment — Power system and related controls — Power hydraulic system and electric interfaces

National foreword

This British Standard is the UK implementation of EN 16330:2013.

The UK participation in its preparation was entrusted to Technical Committee B/513, Construction equipment and plant and site safety.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
