

BSI Standards Publication

**Cosmetics — Analysis
of cosmetic products —
Quantitative determination
of zinc pyrithione, piroctone
olamine and climbazole in
surfactant containing cosmetic
anti-dandruff products**

National foreword

This British Standard is the UK implementation of EN 16342:2013.

The UK participation in its preparation was entrusted to Technical Committee CW/217, Cosmetics.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
