

BS EN 16357:2013

BSI Standards Publication

Carbonate liming materials — Determination of reactivity — Automatic titration method with citric acid

National foreword

This British Standard is the UK implementation of EN 16357:2013.

The UK participation in its preparation was entrusted to Technical Committee CII/37, Fertilisers and related chemicals.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
