

BSI Standards Publication

**Chemicals used for treatment
of water intended for
human consumption —
Sodium chloride for on site
electrochlorination using
membrane cells**

National foreword

This British Standard is the UK implementation of EN 16370:2013.

The UK participation in its preparation was entrusted to Technical Committee CII/59, Chemicals for drinking water treatment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
