

BS EN 16399:2013

BSI Standards Publication

Chemicals used for treatment of swimming pool water — Sodium thiosulfate

National foreword

This British Standard is the UK implementation of EN 16399:2013.

The UK participation in its preparation was entrusted to Technical Committee CII/59, Chemicals for drinking water treatment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
