

BSI Standards Publication

Railway applications — Track — Safety protection on the track during work

Part 2-2: Common solutions and
technology — Requirements for barriers

National foreword

This British Standard is the UK implementation of EN 16704-2-2:2016.

The UK participation in its preparation was entrusted to Technical Committee RAE/2, Railway Applications - Track.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
