

BSI Standards Publication

**Reaction to fire tests
for building products —
Determination of a building
product's propensity
to undergo continuous
smouldering**

National foreword

This British Standard is the UK implementation of EN 16733:2016.

The UK participation in its preparation was entrusted to Technical Committee FSH/21/-/17, Reaction to fire tests - European fire test methods including ignitability tests.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
