Health risk assessment of chemicals — Requirements for the provision of training

bsi.

...making excellence a habit.™

National foreword

This British Standard is the UK implementation of EN 16736:2015.

The UK participation in its preparation was entrusted to Technical Committee HCM/1, Health risk assessment of chemicals.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
