Curtain walling — Determination of the strength of sheared connections — Test method and requirements

National foreword

This British Standard is the UK implementation of EN 16758:2016.

The UK participation in its preparation was entrusted to Technical Committee B/538/6, Curtain walling.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
