

BS EN 16767:2016

BSI Standards Publication

Industrial valves — Steel and cast iron check valves

National foreword

This British Standard is the UK implementation of EN 16767:2016. It supersedes BS EN 14341:2006 and BS EN 12334:2001 which are withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PSE/18, Industrial valves, steam traps, actuators and safety devices against excessive pressure.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
